

2024 GLOBAL HONEYWELL USERS GROUP AGENDA AT A GLANCE

JUNE 10 - 12,
MADRID, SPAIN

**AHEAD OF
THE CURVE**

Honeywell

PRESIDENT'S MESSAGE

Dear Honeywell Process Solutions' end users, first-time Honeywell User Group (HUG) attendees, and technology enthusiasts.

This year June 10-12 at the Madrid Marriott, we are gathering: **AHEAD OF THE CURVE!**

End users can enjoy this year's theme by following their own topics of interest, either following the different proposed tracks, or industry specific tracks if they wish.

Honeywell and its **47th annual HUG conference** are focused on innovation and technological advancements that bring impactful outcomes to you and your companies.

AHEAD OF THE CURVE symbolizes our commitment to help you achieve safer, more reliable, efficient, and sustainable operations through a pioneering spirit and drive to shape the future.

While onsite with us, why not explore lessons learned on migrations, take a closer look at AI, and the workforce of the future, check your emissions control and reduction, energy management and, while you're at it, also stay AHEAD OF THE CURVE and invest in your HUG experience by visiting our extended onsite HUG Demo Center!

Let's collaborate on this journey, making sure we all strive to be: AHEAD OF THE CURVE I personally can't wait to see you there!

Pramesh Maheshwari

*President
Honeywell Process Solutions*

PRESIDENT'S MESSAGE

Dear SETS customers, partners, and end users,

Welcome to the **2024 Honeywell Users Group Conference**, a pivotal event to connect, discover solutions, and propel your operations forward as the utility and thermal industry landscape undergoes significant transformation. The rapid pace of digitization, coupled with escalating safety regulations, calls for an essential evolution in our field.

Join us from **June 10 - 12** at the Madrid Marriott Auditorium for three enriching days dedicated to learning and connecting. Choose your own path through various topic-focused and industry-specific tracks tailored to your interests. Honeywell is committed to assisting you in optimizing your operations with our leading-edge technologies, certified technicians, and a legacy of groundbreaking innovation.

Join us to advance your knowledge, network with fellow professionals, and uncover new strategies to keep your operations **AHEAD OF THE CURVE**. I am eager to engage in meaningful discussions with many of you and celebrate the innovative ways in which utilities power our world, and how our thermal solutions advance operational efficiency and safety across various industries.

I look forward to an exciting and productive conference.

Hamed Heyhat

*President
Smart Energy and Thermal Solutions*

2024 GLOBAL HONEYWELL USERS GROUP ABOUT THE AGENDA

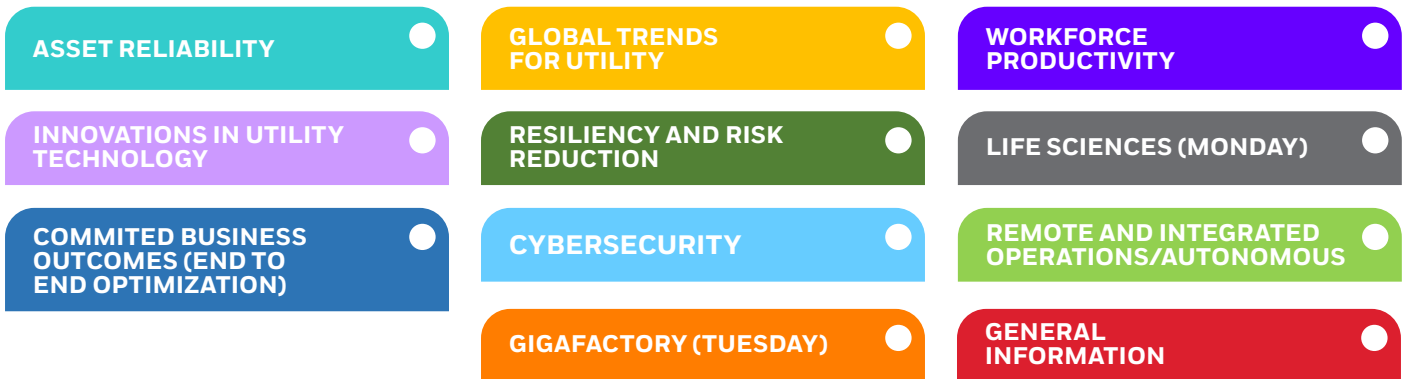

All tracks and sessions during the Honeywell Users Group in Madrid run in parallel. This agenda provides a short overview of each track to show what's on at a glance. Attendees have the flexibility to attend sessions from any combination of tracks during the event.

We strongly recommend that those visiting the HUG download the **Honeywell Global Events App** for a full conference navigation tool. From May 10 the App will show all scheduled sessions by day, their start times and location. It will also provide detailed abstracts, speaker pictures, bios, floor plans, and details of the HUG Demo Center.

Since the schedule may be subject to change, please follow the App as your primary guide when in Madrid.

All sessions are based on the following tracks:

2024 GLOBAL HUG MADRID MARRIOTT AUDITORIUM LOBBY LEVEL

HUG Info & Registration Desk

App/ IT Assistance

Sponsors Area

Back Office

AV Team

Prayer Room

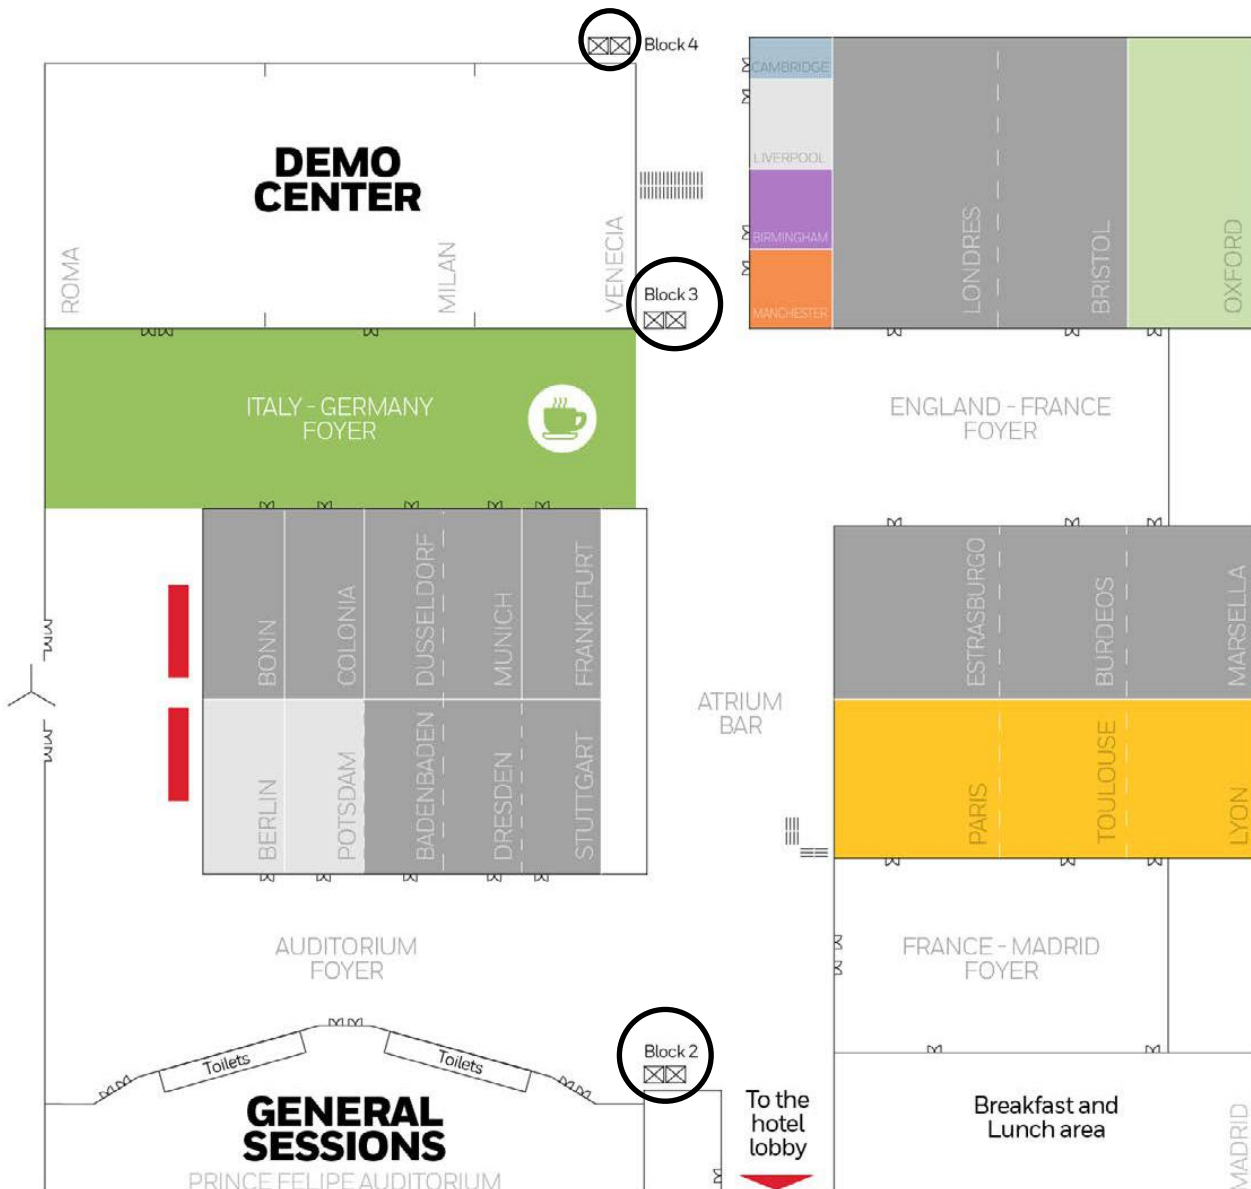

Elevators
for access to the Spanish meeting rooms, at "Entreplanta". Use "E" button inside elevators.

HUG Sessions

Meeting & Sessions

Special Meetings

Roundtable Sessions

2024 GLOBAL HUG DEMO CENTER

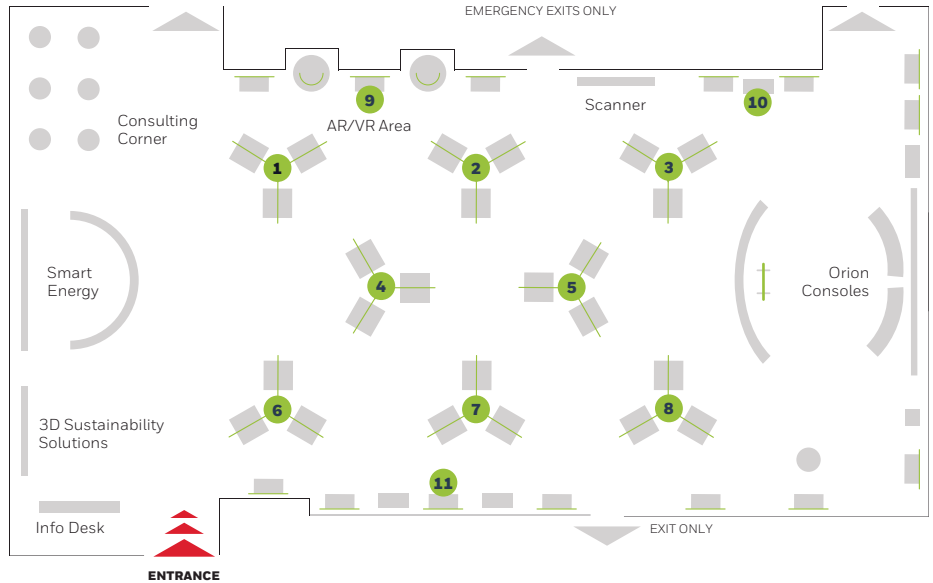

SCHEDULE

Monday, June 10
10h30 - 21h00

Tuesday, June 11
09h00 - 18h30

Wednesday, June 12
09h00 - 21h00

Thursday, June 13
09h00 - 15h30

POD 1 - RISK REDUCTION

- Integrated Safety, Fire and Security Platform
- Command View Integrated Operation Center
- iDefine Modernization Software
- Gas and Flame Detectors

POD 2 - MANUFACTURING EXCELLENCE

- Manufacturing Excellence Platform
- Experion® Batch
- Battery Manufacturing Excellence
- Autonomous Formation and Finishing
- Quality Control Systems
- QCS SE Fit Measurement Series

POD 3 - INDUSTRIAL AUTONOMOUS

- Experion® PKS Field Device Manager
- Experion® PKS Control HIVE
- CCC Turbomachinery Controls Solution
- Experion® PKS Open Protocols
- OneWireless™ Network | SmartLine® Wireless Transmitters
- Experion® SCADA | Experion® SCADA | ControlEdge™ RTU | Intelligent Well Pad

POD 4 - OPERATIONS EXCELLENCE

- Honeywell Alarm Management | Alarm Performance Optimizer
- Honeywell Advanced Process Control
- Honeywell Plantwide Optimizer
- Honeywell Process Digital Twin
- Honeywell Forge Performance+ for Industrials | Asset Performance
- Honeywell Forge Performance+ for Industrials | Production Intelligence

POD 5 - CYBER SECURITY

- Honeywell Forge Cybersecurity+ | Cybersecurity Watch
- Honeywell Forge Cybersecurity+ | Cyber Insights
- Cybersecurity OT Assessments
- OT Cybersecurity Training
- Managed Security Services
- Secure Media Exchange

POD 6 - EMISSIONS CONTROL & REDUCTION

- Experion® Energy Control System | Honeywell Ionic™ Energy Storage
- Emissions | Report and Reduce
- Emissions | Measure and Monitor
- Emissions | Gas Cloud Imaging
- Emissions | Combustion Controls
- Green Hydrogen Plant Automation

POD 7 - MEASUREMENT & CONTROL

- Biomethane and Hydrogen Gas Grid Injection Unit
- SmartLine® Ethernet APL
- Honeywell Versatilis™ Configurator and Lifecycle | Honeywell Versatilis™ Equipment Health Monitoring
- ControlEdge™ HC900 | ControlEdge™ PLC
- Experion® Terminal Manager | Honeywell Enraf® Entis Tank Inventory System
- Gas Measurement | Regulator Solutions | Autonomous Gas Solutions
- ControlEdge™ Discrete PLC | Digital Industry Suite

POD 8 - LIFECYCLE SERVICES

- Experion® Operations Assistant
- Experion® PMD Migration
- Experion® Migrations
- Enabled Services | Assurance 360
- Safety Manager and PLC Migration
- Honeywell Trace™
- ALTIUS® Hi-Performance HMI Solution

POD 9 - WORKFORCE EXCELLENCE

- Immersive Field Simulator VR / AR Experience
- Field Process Knowledge System
- Smart Training Room
- Experion® HALO Operator Advisor
- Connected Workforce Competency

POD 10 - INDUSTRIAL AUTONOMOUS

- Experion® and Safety System Integration
- Safety Engineering | Process Safety Suite
- Experion® PKS IO HIVE
- ELCN Migrations | C300PM and UEA
- Experion® Virtualization Solutions | Experion® PKS IT HIVE
- Honeywell Digital Prime™

POD 11 - ENERGY OPTIMIZATION

- Ecofining™
- Honeywell Thermal Solutions ECOMAX® LE | Low-Emissions Recuperative Burner
- Thermal IQ™ | Connected Thermal System | Energy Optimization

SMART ENERGY

- Honeywell Forge Performance+ for Utilities and multiple Utilities devices and solutions on show

EXPERION® ORION CONSOLE

- CCC Inside Demo on the Orion Console
- Collaboration Station

GROW TOGETHER

Partner with Us,
PLANT A TREE,
Shape a Better Future!

Join us at **8h45** as we kick off with the **Monday General Session** to collect **your first QR code** using the Honeywell Global Events App!

Then, scan **at least four QR codes** during your visit to any demo in the onsite Demo Center.

Your final piece of the picture puzzle will be waiting for you at the Demo Center Info desk.

As you share your completed picture, we'll plant a tree together and celebrate.

2024 GLOBAL HUG CONSULTANTS CORNER

GO STRAIGHT TO THE SOURCE AT THE CONSULTANTS' CORNER LOCATED IN THE DEMO CENTER

Take the opportunity to meet the experts one-on-one in an exclusive and private consultation. Contact your account manager before the event to schedule your personal meetings.

HOW TO REQUEST A SESSION

Talk to your **Account Manager** and request a session with a **Honeywell Expert** in the **Consulting Corner at HUG**. Or fill out your Consulting request when you register for HUG, your topic and a brief description. We'll match your request up with a Honeywell Expert and give you time to talk in Madrid.

On arrival at the on-site HUG Demo Center, ask for assistance at the Info Desk, so we can connect you with your Honeywell Expert at the Consulting Corner, in the HUG Demo Center.

TUESDAY, JUNE 11 GIGAFACTORY DAY AHEAD OF THE CURVE

We invite you to join us for the 2024 Honeywell Gigafactory Day in Madrid, Spain, where information, experience, and industry visionaries come together. Connect with the Lithium-ion battery manufacturing technology experts and experience integrated solutions for your operations first-hand. You will be joined by peers from organizations across industries.

Take in the full event, plus a stimulating gigafactory agenda.

Opening Gigafactory Day

**Operational Readiness:
Solutions to Reach Your Production
Targets Starting From Day One**

**Autonomous Cell Finishing:
Closing the Loop for Better Visibility,
Quality and Throughput**

**Porsche Consulting: Battery
Manufacturing 2030:
Collaborating at Warp Speed**

**How to Maximize Yield and Minimize
Scrap Rate with Closed Loop Control in
Coating and Calendering**

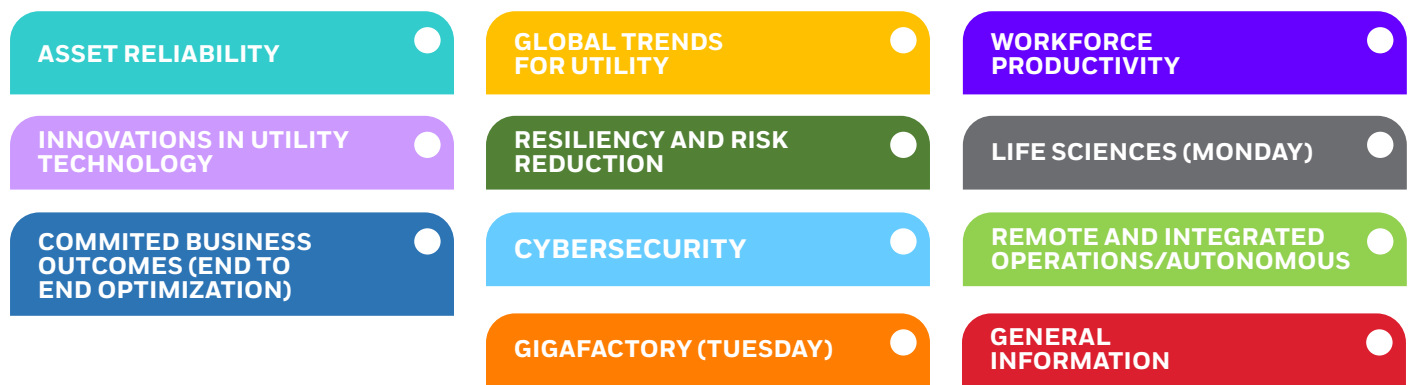

Gigafactory Tour onsite HUG Demo Center

2024 HONEYWELL USERS GROUP AGENDA

You will find all locations, exact timing, special demos, and comprehensive information on the industry-specific tours within the App. These tours will take place at the HUG onsite Demo Center.

All sessions are based on the following tracks:

SUNDAY, JUNE 9

19h00	Social Programs	Sponsors - Meet and Greet with HPS Leadership	Troy Chapman and multiple leaders
20h00 - 21h00		Meet and Greet First-Time HUG and Women in Technology Attendees	Nisha Lathif Maribel Wilson

MONDAY, JUNE 10

8h45	General Sessions	2024 Global Honeywell Users Group Welcome, and Conference Announcements by the Customer Steering Committee Chairperson Sonia Sulis - SARAS	
		Honeywell's Business Vision Lucian Boldea, <i>CEO Honeywell Industrial Automation</i> Pramesh Maheshwari, <i>HPS President</i> Hamed Heyhat, <i>SETS President</i>	
		Technology Overview: AHEAD OF THE CURVE Jason Urso, <i>CTO Honeywell Industrial Automation</i> , and Honeywell Technology Team	
10h45	AM BREAK SPONSORED BY PEPPERL+FUCHS GMBH		

MONDAY, JUNE 10 (continued)

11h15	Honeywell Presentation	The Experion® PKS Roadmap	Joe Bastone
	Honeywell Presentation	The Manufacturing Excellence Platform (MXP) and Experion® Batch Roadmap	Chris Peters, Irem Ciftci
	Honeywell Presentation	Introducing Honeywell ControlEdge™ Discrete PLC	Aniruddha Ghosh
	Honeywell Presentation	Unlocking the True Potential of Energy Storage: BESS	Adam Eliason
	Honeywell Presentation	Manipulation Protection with Greater Security	Klaus Landwehr
	Honeywell Presentation	Burner Control Schemes	Ad Heijmans
12h15	Honeywell Presentation	Enhancing ICS Cybersecurity with Experion and Cyber Insights	Harshal Haridas
	Honeywell Presentation	Batch Historian for Non-Honeywell Systems	Chris Peters
	Honeywell Presentation	The Honeywell Advantage: UOP Technology, Automation, and Digitalization	Chris Polaniecki
	Honeywell Presentation	Sustainability Solutions: Low Emission Burners	Tobias Schneider
	Honeywell Presentation	Honeywell Process Safety Systems Update	Johan School
	Customer Presentation	STAR Refinery: How Enabled Services Enhanced OT Assets Tracking and Regulatory Compliance	Sedat Topcuogullari, <i>Star Refinery</i>
	Honeywell Presentation	Remote Equipment Health Monitoring Solutions with Honeywell Versatilis Transmitters	Owais Arshad
	Customer Presentation	Case Study: Spain Water AMI Projects	Oscar Villalobos
	Honeywell Presentation	Experion® Virtualization Solutions Roadmap	Paul Hodge
13h00	LUNCH SPONSORED BY WEIDMULLER		
14h00	Customer Presentation	TotalEnergies Refinery & Chemical: Merging Electrical and Process Control into Experion with IEC61850	Jean-Francois Guerree, Guy Broes, <i>Total Energies Refinery & Chemical</i>
	Customer Presentation	ONE DYAS: Revolutionizing Offshore Gas Production with an Autonomous and Environmentally Friendly Platform	Gerlof Visser, <i>ONE DYAS</i>
	Customer Presentation	SABIC SHARQ: Implementing CCC Inside for Honeywell Experion PKS at the SHARQ plant	Hassan Hussain Zubaidi-Al, <i>SABIC SHARQ</i>
	Customer Presentation	HF Sinclair Corporation: Reducing Industrial Control System Cybersecurity Risk with Better Threat Detection Monitoring	Charles Blackburn, <i>HF Sinclair Corporation</i>

14h00	Honeywell Presentation	Module Type Packages (MTP): What's Next?	Alicia Kemp
	Customer Presentation	Cheniere Energy: Accelerating Workforce Competency and Productivity in a Growing LNG Market	Lance Brown, <i>Cheniere Energy</i>
	Customer Presentation	Odfjell Terminals: Maximizing Efficiency by Integrating Multi-Modal Terminal Operations and Logistics	Ulf Hedlund, Pablo Santos, <i>Odfjell Terminals</i>
	Honeywell Presentation	Extracting Maximum AMI Value Through Data Unification and Cloud Analytics	Ronald Hermans
	Honeywell Presentation	NBIOT/GPRS: A Reduced Cost of Ownership with No Meter Exchange Needed	Klaus Landwehr
	Customer Presentation	ORLEN Unipetrol: Plantwide Production Optimizer at the ORLEN Unipetrol Refinery	Lenka Podestova, <i>ORLEN Unipetrol</i>
	Roundtable	The Decarbonization Problem: Quantifying What You Cannot Measure	Lewis Sweet
15h00	Honeywell Presentation	Modular by Design - A New Control Systems Technology Paradigm	Michael Khillia
	Honeywell Presentation	Utilizing CSVA and csHAZOP for Effective NIS2 Compliance and Continuous Cybersecurity Monitoring	Paul Griswold
	Roundtable	How Does Enterprise Engineering Efficiency Align with Multipurpose Control System Digital Twins?	Tiffany Barnes Laura Pedditzi, <i>SARAS</i>
	Honeywell Presentation	Advanced Migration Technologies: Optimize Experion® Migrations	Dan Millard
	Roundtable	Digital Plant Maturity in Batch Manufacturing and Barriers to Adoption	Andrew Matthews Roberto Bruni, <i>Corden Pharma</i>
	Honeywell Presentation	Optimizing Green Hydrogen Plant Design and Operations	Swapnil Adkar
	Honeywell Presentation	Redefining Immersive Learning for Faster Paths to Competency	Swati Agarwal
	Honeywell Presentation	Safety, Efficiency and Much More with Honeywell Versatilis Configurator	Vibhor Tandon
	Customer Presentation	Case Study: Netherlands Wireless M/BUS	Klaus Landwehr
	Honeywell Presentation	Implementing End to End Smart Water Metering Solution	Juan Carlos Sanchez
Customer Presentation	Kuwait Oil Company: Digitizing Override Reports for Crude Facilities using ALMS	Maha Alhouti, <i>Kuwait Oil Company</i>

- **On-Process UEA/UVA to UVA/UEA conversion**
- **Cabinetry and Standardization: Strategies for Meeting Customer Needs Amidst Supply Chain Challenges**
- **Field PKS: The AI-Enabled Field and Maintenance Operations Tool**
- **TRACE Slick Tricks: An Interactive, Deep-Dive Session with TRACE Users**

DEMO CENTER OPENING HOURS

Monday, June 10
10h30 - 21h00

Tuesday, June 11
09h00 - 18h30

Wednesday, June 12
09h00 - 21h00

ALSO OPEN ON
Thursday, June 13
09h00 - 15h30

DETAILED AGENDA ITEMS EXPLAINED

GENERAL SESSION

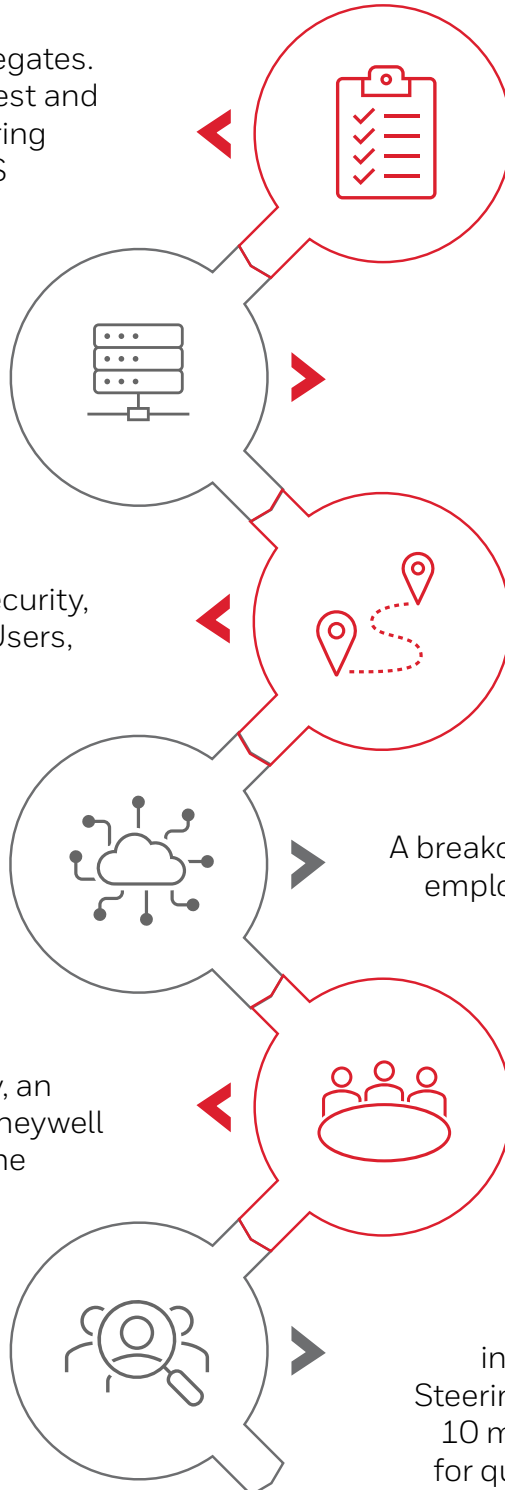

This session is for all HUG delegates. The topics are of general interest and may be presented by the Steering Committee members, the HPS President, the CTO, End Users and Special Guests.

TRACK

A track is a topic on the HUG agenda, such as Cybersecurity, with presentations from End Users, Honeywell, Specialists, etc., spread over the day.

ROUNDTABLE DISCUSSIONS*

An informal discussion with the entire audience present in the conference room. Typically, an End User moderator and a Honeywell expert lead the discussions. The conference fee for Customer Moderators is waived.

HUG DEMO CENTER

You will meet a team of approximately 140 expert demonstrators and consultants who are all there to assist you.

HONEYWELL TECHNOLOGY SOLUTION PRESENTATION*

A breakout presentation by a Honeywell employee (often a Product Marketing Manager); the presentation is set to be 30 minutes long.

CUSTOMER SESSIONS*

A breakout presentation by an End User (Customer.) It is set to be 30 minutes long and includes a short introduction of the presenter by a Steering Committee member. The last 10 minutes of the session should be for questions. The conference fee for the Customer Presenter is waived.

DETAILED AGENDA ITEMS EXPLAINED

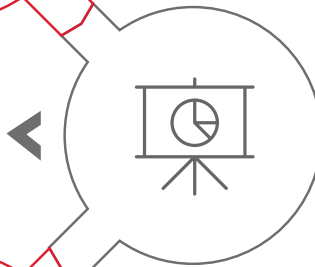

TRAINING*

A trainer from the HPS Automation College will share technical details in a session that can range from one to four hours.

WORKSHOP*

A learning session based on real-life examples and technical knowledge sharing; the session is set to last two hours (preferably with an End User and a Honeywell expert.)

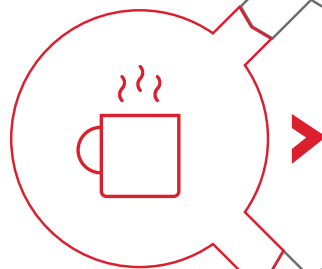

FIRST TIMERS

These are first-time sessions for “beginners” – named “Fundamentals of...”

WOMEN IN TECHNOLOGY (WIT)

These sessions are for all interested participants; they are not limited to female conference delegates.

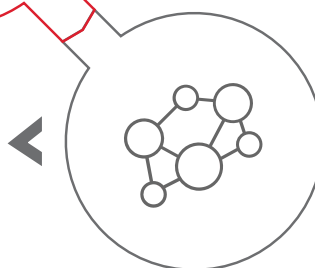

CONFERENCE ACTIVITY

These activities refer to AM/PM breaks and lunches. They are only accessible to registered adult business conference delegates.

SOCIAL ACTIVITY

These are often activities that are held in the evening. In some cases, it will be indicated on the HUG app and at online conference registration if the business conference delegate can bring an adult companion.

**Note: all these sessions will be held multiple times (up to 6 or 7) different sessions per day.*

SPECIAL KEYNOTE ON WEDNESDAY MORNING

New Patterns of Action and Thinking

PATRICK “PATA” DEGERMAN Explorer

Patrick “Pata” Degerman is the determined and unstoppable professional Finnish explorer. He has summited over 200 mountains in Antarctica, Greenland and the Himalayas

and climbed 24 first ascents in some of the world’s most challenging environments. Pata has also completed 47 expeditions throughout the Arctic Circle, the wild jungles of the Amazonas, Borneo, and Costa Rica, and five deserted islands in the Pacific.
