

2023 GLOBAL HONEYWELL USERS GROUP OPTIMIZING TRANSFORMATION

Agenda at a Glance
June 18-22

PRESIDENT'S MESSAGE

Dear Honeywell Process Solutions' end users, first-time Honeywell User Group (HUG) attendees, and technology enthusiasts.

This year **June 18-21** at the JW Marriott Orlando Grande Lakes we are: **OPTIMIZING TRANSFORMATION** HUG end users can enjoy this year's theme by following their own industry tracks if they wish.

What did you do, what have you done or what are you planning to do to optimize your own transformation? These advancements are important, both in our business and personal lives, as we all need to transform to keep the world in motion, to optimize our business operations with current and future technology, and to ensure that ourselves and our children are safe.

Why not explore lessons learned on migrations, take a glimpse of the workforce of the future, look at emissions control and reduction, energy management and, while you're at it, also optimize your HUG experience by visiting our extended onsite HUG Demo Center?

Next to the industry tracks, you can also participate in cybersecurity, digitalization, autonomous operations sessions and more. Please contact us if you cannot find what you are looking for. Let's collaborate on this journey, making sure we all strive to be: **OPTIMIZING TRANSFORMATION**.

I personally can't wait to see you there!

Pramesh Maheshwari

2023 GLOBAL HUG ABOUT THE AGENDA

All tracks and sessions during the Honeywell Users Group in Orlando run in parallel. This agenda provides a short overview of each track to show what's on at a glance. Those attending the event can take in any combination of sessions from any of the tracks.

We strongly recommend that those visiting the HUG download the **Honeywell Global Events App** for a full conference navigation tool. From May 22 the App will show all scheduled sessions by day, their start times and location. It will also provide detailed abstracts and speaker pictures and bios, floor plans, and details of the HUG Demo Center.

Since the schedule may be subject to change, please follow the App as your primary guide when in Orlando.

To access all this information, please make sure to download the Honeywell Global Events App when you have registered for the HUG and select the Honeywell Users Group conference from the menu. Make sure also to update the App when in Orlando and switch on notifications.

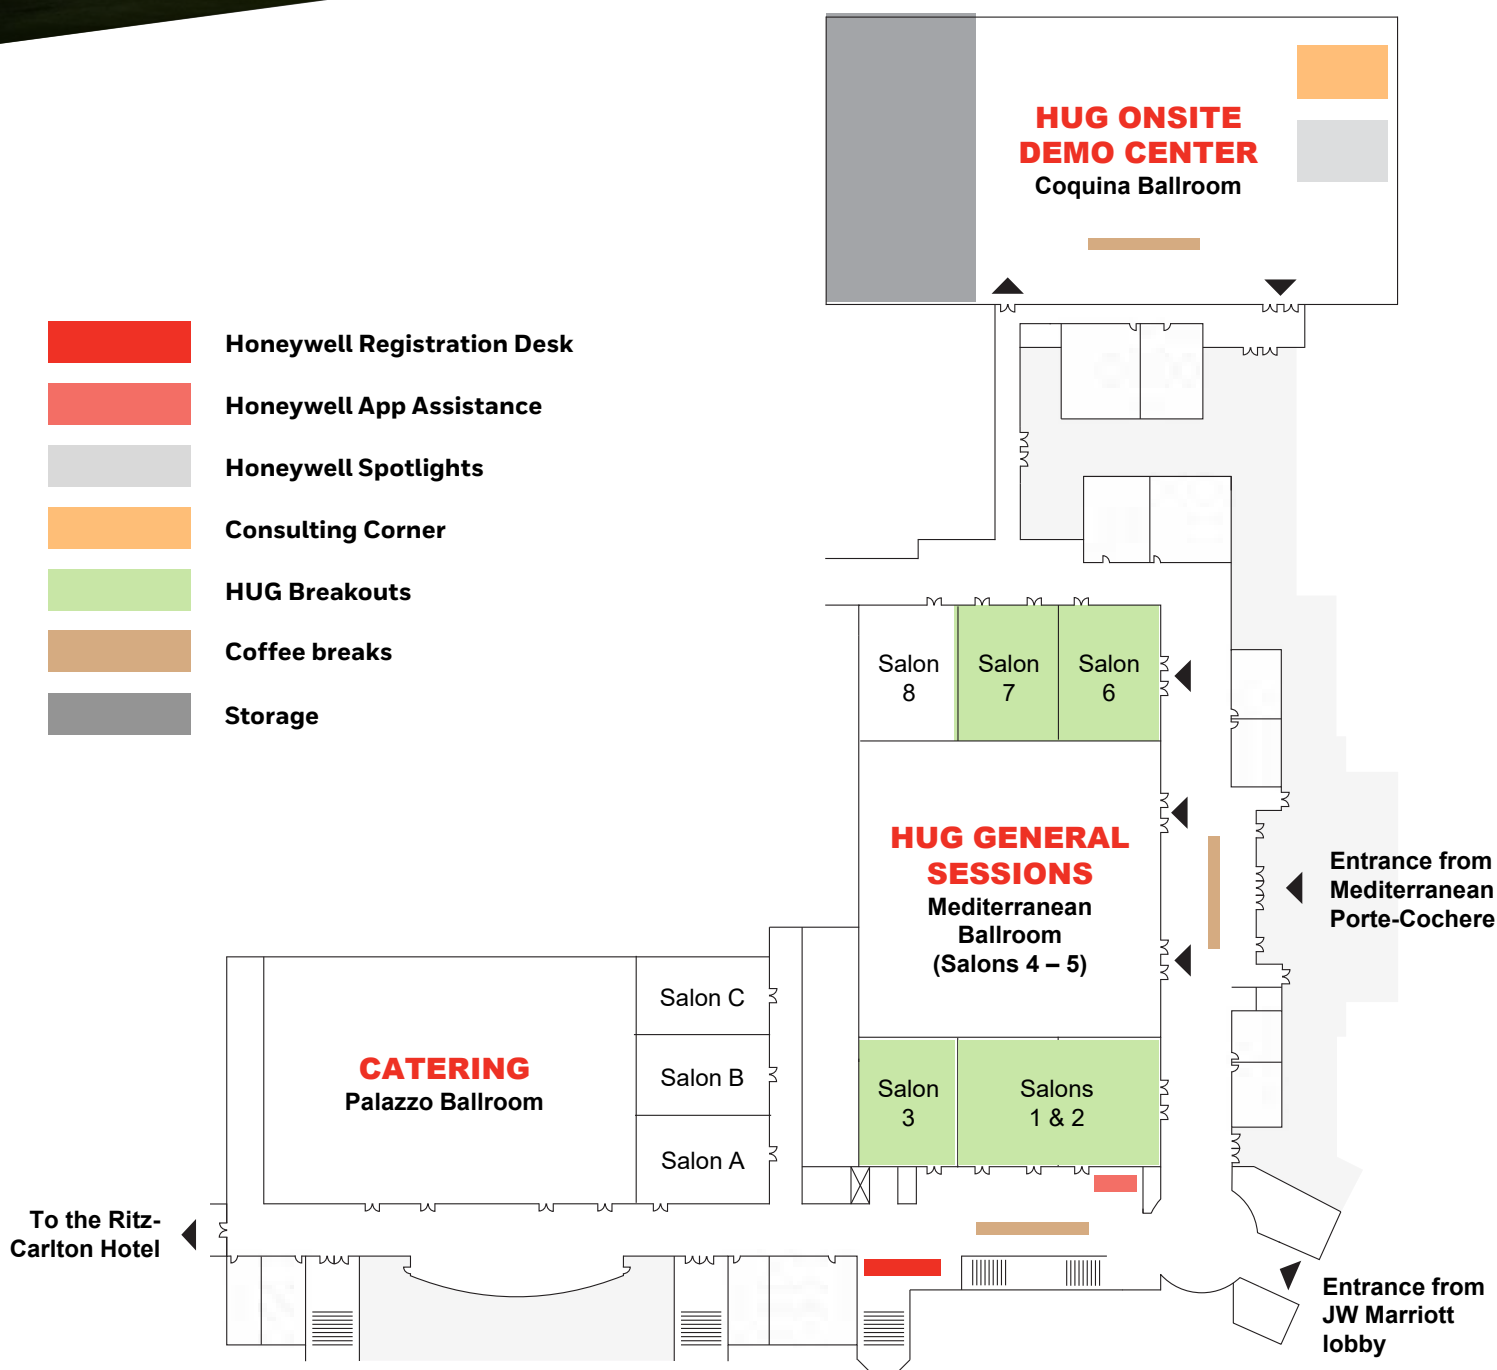

All sessions are based on the following tracks:

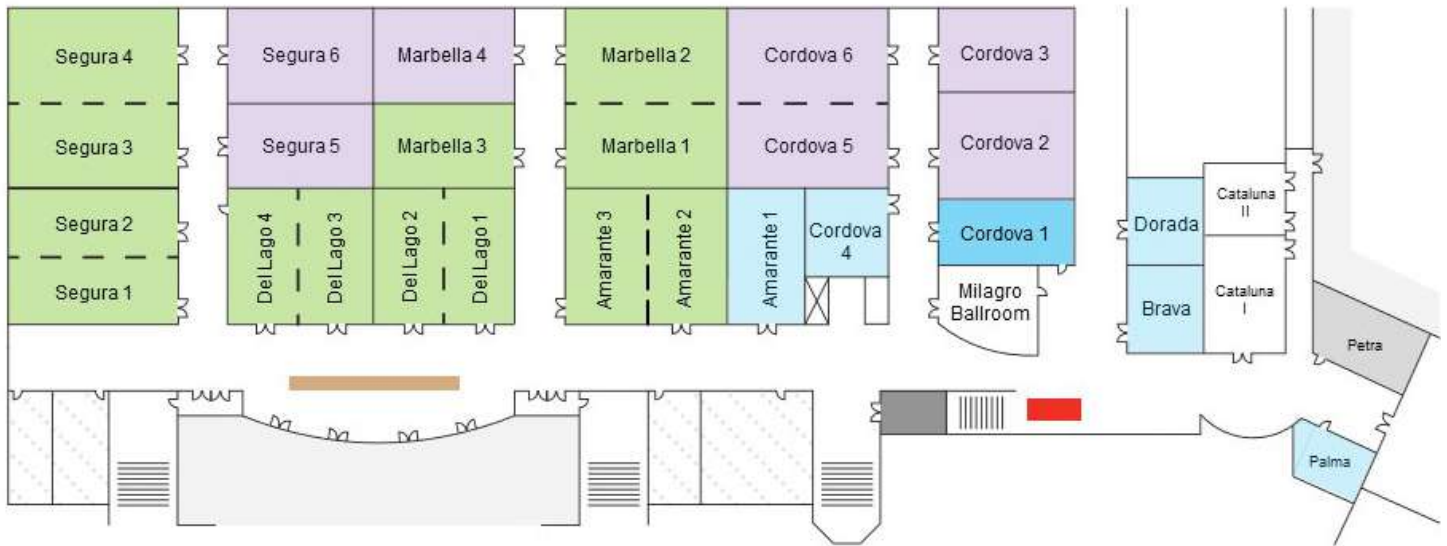

- | | | |
|--|---|---|
|  Refining and Pet Chem |  Upstream Oil & Gas |  LNG, Distribution & Terminals |
|  Sustainability and Infrastructure & New Energy |  Health Safety and Environment |  Sheet Manufacturing including LIB and Gigafactories |
|  Digitalization, Industrial Cybersecurity and Lifecycle Services |  Life Sciences, Food & Beverage, Specialty Chemicals including TrackWise Digital |  Autonomous Operation |
|  Utilities Global Trends |  Utilities Technology Deep Dive | |

We look forward to seeing you on the conference floor!

2023 GLOBAL HUG JW MARRIOTT CONFERENCE LOBBY LEVEL

2023 GLOBAL HUG JW MARRIOTT CONFERENCE LOWER LEVEL

-  **Madrid HUG Back Office**
-  **AV room**
-  **Customer Meetings**
-  **HUG Breakouts**
-  **Press**
-  **Coffee breaks**

HONEYWELL USERS GROUP DEMO CENTER

SCHEDULE

June 18

06.00 – 07.00 p.m. Sneak Preview

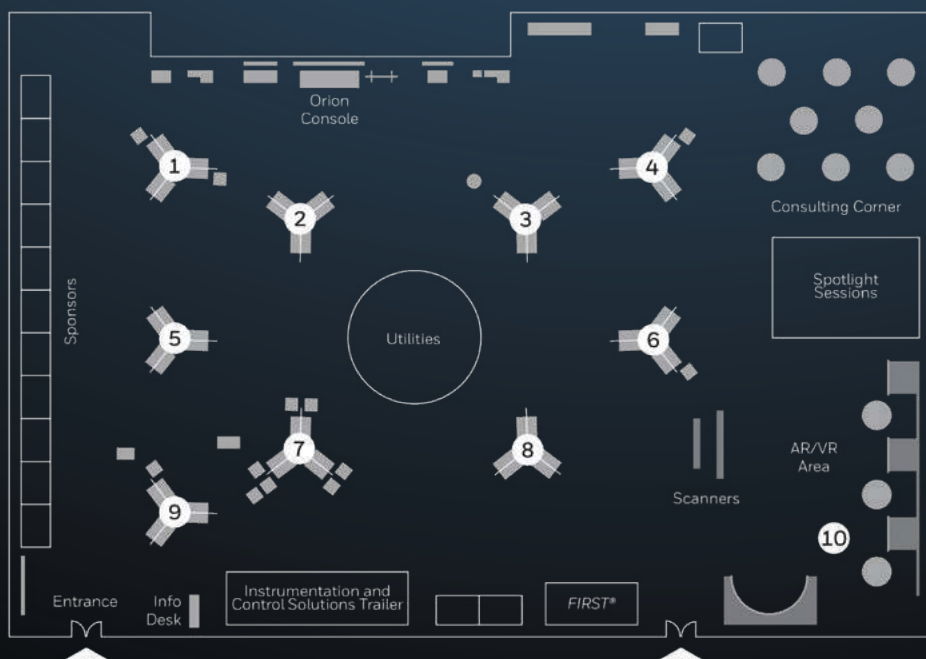

June 19 – 21

OPEN DAILY

10.00 a.m. – 06.00 p.m. and with the possibility for private demos before and or after opening times.

June 22

Open from 10.00 a.m. until noon.

POD 1

- Gas Measurement | Regulator Solutions | Autonomous Gas Solutions
- Experion® and Safety System Integration
- Safety Manager Builder Engineering and Maintenance Station
- Experion® SCADA | ControlEdge™ RTU | Pipeline Leak Detection
- Experion® PKS Field Device Manager
- Biomethane and Hydrogen Gas Grid Injection Unit

POD 2

- Safety Watch RTLS
- OneWireless™ Network | SmartLine® Wireless Transmitters
- Industrial Fire and Gas Detectors
- Integrated Safety, Fire and Security Platform | Industrial Fire
- Process Safety Suite
- Command View Integrated Operation Center

UTILITIES

- Perfection Portfolio
- Smart Gas Meters and Communication Modules
- Smart Electricity Meters
- Smart Water Meters and Communication Modules
- ... and more

POD 3

- Experion® Virtualization Solutions | Experion® PKS IT HIVE
- Experion® PKS IO HIVE
- Experion® PKS Control HIVE
- Experion® Control and IO
- Experion® PKS Open Protocols
- Advanced Physical Layer

POD 4

- Enabled Services | Assurance 360
- C300PM On-Process Migration
- Advanced Migration Technologies
- PLC Migrations
- Honeywell Trace™
- Honeywell Digital Prime™

POD 5

- Advanced Endpoint Protection
- Secure Media Exchange
- Forge Cybersecurity Suite
- Advanced Monitoring and Incident Response
- Cybersecurity Insights
- Cyber Care Services

POD 6

- Honeywell Manufacturing Excellence Platform
- TrackWise® Digital
- Upstream Production Performance Suite
- Sheet Manufacturing | Pulp and Paper
- Lithium-Ion Battery Manufacturing
- Experion® Batch

POD 7

- Honeywell Discrete Automation Solutions
- Honeywell Versatilis™ - Instrument Lifecycle Management | SmartLine® - Ethernet APL
- Honeywell Versatilis™ Transmitters - Equipment Health Monitoring Solution
- ControlEdge™ PLC
- Experion® Terminal Manager | Honeywell Enraf® Entis Tank Inventory System
- Factory Digitalization

POD 8

- Honeywell Alarm Management | Operations Management
- Honeywell Connected Workforce Competency
- Honeywell Process Digital Twin
- Honeywell Advanced Process Control | Plantwide Optimizer
- Honeywell Forge Performance+ for Industrials | Asset Performance
- Honeywell Forge Performance+ for Industrials | Production Intelligence

POD 9

- Experion® Energy Control System | Experion® Energy Storage
- Emission Monitoring and Control with Rebellion Gas Cloud Imaging
- Emission Monitoring and Control with Emissions Management Solution
- Emission Monitoring and Control with E360 Outcome-Based Programs
- Honeywell Forge Sustainability+ for Industrials | Emissions Management
- Renewable Fuels - Ecofining™

POD 10

- Experion® HALO Operator Advisor
- Digital Worker, Compliance and Safety
- Immersive Field Simulator
- Immersive Field Simulator VR Experience

2023 GLOBAL HUG CONSULTING CORNER

Our experts are back at Honeywell Users Group in the Consulting Corner to discuss the business and process challenges that you may be facing and help you find a solution that can match your outcome goals and budget. Discover the benefits leading companies in your industry are realizing from critical programs— and how you can too.

**The Consulting
Corner is open
when the HUG
Demo Center
is open**

HOW TO REQUEST A SESSION

Talk to your Account Manager and request a session with a Honeywell Expert in the Consulting Corner at HUG. Or fill out your Consulting request when you register for HUG, your topic and a brief description. We'll match your topic up with a Honeywell Expert and give you time to talk in Orlando. On arrival at the on-site HUG Demo Center, ask for assistance at the Info Desk, so we can connect you with your Honeywell Expert at the Consulting Corner, in the HUG Demo Center.

OPTIMIZING TRANSFORMATION

Sparta Systems, a Honeywell Company, brings leading-edge quality management solutions to regulated industries. With nearly three decades of experience, Sparta provides enterprise and cloud-based QMS software solutions that help companies go to market faster while minimizing product risks and ensuring compliance. Sparta is an innovator in its field and is driving smart quality with first-of-its-kind AI-enabled quality solutions. By applying the latest digital technologies, our products simplify the process of quality management and guide customers toward proactive quality.

The combination of Sparta Systems and Honeywell brings together Sparta's quality management leadership with over 100 years of industrial and software expertise from Honeywell. Together, Sparta and Honeywell will shape the future of digital quality and operational excellence for the life sciences industry.

TrackWise and TrackWise Digital sessions are available on Monday, June 19. Join us at Honeywell Users Group, and follow the Life Sciences, Food & Beverage and Specialty Chemicals track.

Enjoy the Honeywell Users Group full conference or benefit from a one-day attendance pass.

See you there!

TUESDAY, JUNE 20

GIGAFACTORY DAY

OPTIMIZING

TRANSFORMATION

We invite you to join us for the 2023 Honeywell Gigafactory Day in Orlando, Florida, where information, experience, and industry visionaries come together. Connect with the Lithium-ion battery manufacturing technology experts and experience integrated solutions for your operations first-hand. You will be joined by peers from organizations across industries.

Take in the full event, plus a stimulating gigafactory agenda.

Keynote: Industry Challenges and Future Technology Adoption

Industrializing Battery Production: The Future is Available Here

Mitigating Startup Risk: Process Safety

Automating the Difficult to Automate

Optimizing Battery Production Through AI/ML Enabled Insights

Accelerate Startup and Integrate Operations with End-to-End Visibility and Closed-Loop Control Using an Industry-Specific MES

Effective Quality Management for High Volume Cell Production

2023 HONEYWELL USERS GROUP AGENDA

SUNDAY, JUNE 18

2.00 – 8.00 p.m. Honeywell Registration and Information Desk open

6.00 – 7.00 p.m. SNEAK PREVIEW: MEET & GREET at the Palazzo Foyer, drinks sponsored by BARCO. Join us on Sunday evening, for an informal meet and greet with First Time attendees as well as Women in Technology, to start Networking.

MONDAY, JUNE 19

6.30 a.m. – 6.30 p.m. Honeywell Registration and Information Desk

8.00 a.m.

GENERAL SESSIONS

- | | | |
|---|--|--|
|  | 2023 Global Honeywell Users Group Official Welcome and Conference Announcements by the Customer Steering Committee Vice Chairperson
10 min | David Bell, Dupont |
|  | Honeywell's Business Vision
10 min | Pramesh Maheshwari, HPS President |
|  | Technology Overview
90 min | Eric van Gemeren HPS VP Chief Technology Officer, and team members |

10.00 – 10.30 a.m. Morning Break Sponsored by Pepperl+Fuchs GmbH

All sessions are based on the following tracks:

- | | | |
|--|---|---|
|  Refining and Pet Chem |  Upstream Oil & Gas |  LNG, Distribution & Terminals |
|  Sustainability and Infrastructure & New Energy |  Health Safety and Environment |  Sheet Manufacturing including LIB and Gigafactories |
|  Digitalization, Industrial Cybersecurity and Lifecycle Services |  Life Sciences, Food & Beverage, Specialty Chemicals including TrackWise Digital |  Autonomous Operation |
|  Utilities Global Trends |  Utilities Technology Deep Dive | |

10.30 a.m. Welcome to the Breakouts!

HONEYWELL
TECHNOLOGY
SESSION

Experion® PKS: Redefining Automation for 20 Years
45 min

Joe Bastone, Honeywell

HONEYWELL
TECHNOLOGY
SESSION

The Need for CO₂ Flow Metering in Today's Market.
45 min

Addy Baksteen, Honeywell

HONEYWELL
TECHNOLOGY
SESSION

Sheet Manufacturing Roadmap
45 min

Brian Herioux, Honeywell

HONEYWELL TECHNOLOGY SESSION	Next Generation Battery Energy Storage for Industrial Sites 45 min	Paul Vellacott, Honeywell
HONEYWELL TECHNOLOGY SESSION	Process Safety Solutions Roadmap 45 min	Tim Lefevre, Honeywell
ROUNDTABLE	Is Your Workforce Future Ready? 45 min	David Bell, DuPont and Manas Dutta, Honeywell
CUSTOMER SESSION	Syncrude Canada: Migration of OTS Models From Shadow Plant to UniSim Design - Lessons Learned 45 min	Meenakshi Sivaramalingam, Syncrude
CUSTOMER SESSION	OQ RFCC APC Re-design using RMPCT 45 min	Husen Bharmal, OQ
SPOTLIGHT SESSION	Transforming a Service Delivery Model for QC Systems 45 min	Brian Herioux, Honeywell
CUSTOMER SESSION	Planning for Your TrackWise Digital Conversion Journey 45 min	Susan Kontoleon and Daisy Lackey, Altria
HONEYWELL TECHNOLOGY SESSION	TrackWise / TrackWise Digital Product and Technology Roadmap 45 min	Amy Spizzirri, Honeywell Sparta Systems

12.15 - 1.15 p.m. Lunch Sponsored by Phoenix Contact

1.15 p.m.

CUSTOMER
SESSION

**LyondellBasell C300PM/EHPMX
Evaluation and Testing**
45 min

Ronnie Grove,
Equistar Chemicals LP

SPOTLIGHT
SESSION

**Launch of the Upstream Production
Performance Suite**
45 min

Nisha Lathif and
Vineet Lasrado, Honeywell

HONEYWELL
TECHNOLOGY
SESSION

**LNG Hub Integrated Operations: Enabling
Optimization Across Multiple LNG Assets**
45 min

John Colpo, Honeywell

ROUNDTABLE

**How Are You Currently Baselining Your
Scope 1 and 2 Emissions to Track and
Report Emissions Reduction?**
45 min

Ethel Nakano, Suncor and
Adrian Fielding, Honeywell

HONEYWELL
TECHNOLOGY
SESSION

**Optimize Use of Electricity With
Experion® Energy Control System**
45 min

Adam Eliason, Honeywell

HONEYWELL
TECHNOLOGY
SESSION

**Drive Enterprise-Level, Autonomous Asset
Reliability With Native Cloud Solutions**
45 min

Omar Sayeed, Honeywell

CUSTOMER
SESSION

**PETRONAS Future: Cybersecurity Journey
in Partnership With Honeywell**
45 min

Muhammad Lukman Al Hakim
Muhammad, PETRONAS Malaysia

HONEYWELL
TECHNOLOGY
SESSION

**Accelerate Experion® Migrations With
Advanced Migration Technologies**
45 min

Hrishikesh Upasani , Honeywell

DETAILED AGENDA ITEMS EXPLAINED

GENERAL SESSION

This session is for all HUG delegates. The topics are of general interest; they can be presented by the Steering Committee members, HPS President, the CTO, End Users and/ or Special Guests.

2023 TRACKS

Tracks are based on Industries (see previous page). A track is spread over the day with presentations from End Users, Honeywell, Specialists, Roundtables etc.

ROUNDTABLE DISCUSSIONS*

Informal discussion with the entire audience present in the conference room. Typically, there are an End User moderator and a Honeywell expert who lead the discussions. The conference fee for Customer Moderators is waived.

CUSTOMER SESSIONS*

A breakout presentation by an End User (Customer.) It is set to be 45 minutes long and includes a short introduction of the presenter by a Steering Committee member. The last 10 minutes of the session should be for questions. The conference fee for the Customer Presenter is waived.

PANEL SESSION*

A panel typically has four panel members; these members all share their experience, and after that, have a formal discussion in front of the audience. If time allows, the panel members can take questions from the audience. The conference fee for Customer Panel members is waived.

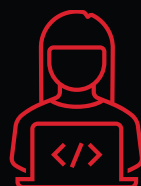

SPOTLIGHT SESSIONS

Honeywell is showcasing special sessions at the on-site HUG Demo Center. Make sure to preserve your session on the HUG App. At the end of each Spotlight session a Trivia will be played.

FIRST TIMERS

These are first-time sessions for “beginners” – named “Fundamentals of...”

WOMEN IN TECHNOLOGY

These sessions are for all interested participants; they are not limited to female conference delegates.

DETAILED AGENDA ITEMS EXPLAINED

(CONTINUED)

HONEYWELL TECHNOLOGY SESSION*

A breakout presentation by a Honeywell employee (these are often Product Marketing Managers); the presentation is set to be 45 minutes long.

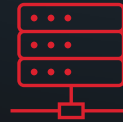

TRAINING*

A trainer from the HPS Automation College will share technical details in a session that can range from one to four hours.

WORKSHOP*

A learning session based on real-life examples and technical knowledge sharing; the session is set to last two hours (preferably with an End User and a Honeywell expert.)

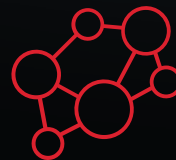

HUG DEMO CENTER

You will also meet a team of approximately 80 expert demonstrators and consultants who are all there to assist you.

CONFERENCE ACTIVITY

These activities refer to breakfast, AM/PM breaks, and lunches. Only accessible for the registered adult business conference delegates.

SOCIAL ACTIVITY

These are often activities that are held in the evening. In some cases, it will be indicated on the HUG app and at online conference registration if the business conference delegate can bring an adult companion.

**Note: all these sessions will be held multiple times (up to 6 or 7) different sessions per day.*

WHY FIRST® “**F**OR **I**NSPIRATION AND **R**ECOGNITION OF **S**CIENCE AND **T**ECHNOLOGY” WILL BE AT HUG:

Chief Executive Officer (CEO) Chris Moore, of the global nonprofit *FIRST*®, will be this year’s Honeywell Users Group (HUG) Conference closing keynote speaker at 11:30am on Wednesday, June 21.

The mission of *FIRST*® is to inspire young people to be science and technology leaders and innovators, by engaging them in exciting mentor-based programs that build science, engineering, and technology skills.

While the HUG Steering Committee was discussing different options for the keynote speaker, HPS VP CTO Eric van Gemeren, as a guest at the annual HUG kick-off meeting, introduced the idea of having *FIRST*® CEO Chris Moore. As a board member director of *FIRST*® in Texas, Eric was able provide direct access to Chris and bring him to this year’s HUG.

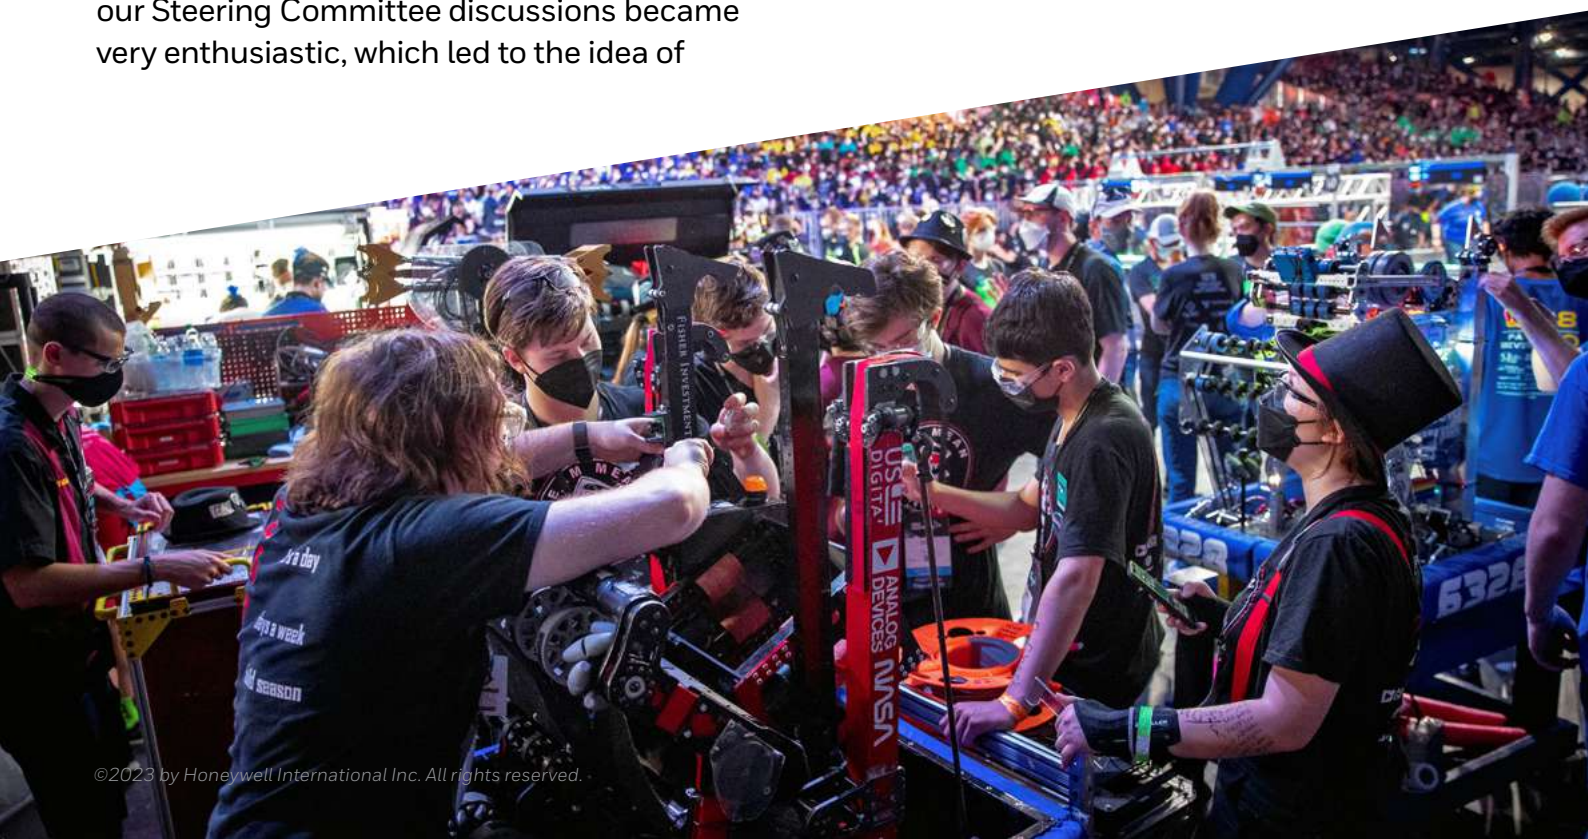

With the possibility of hosting *FIRST*® at HUG, our Steering Committee discussions became very enthusiastic, which led to the idea of

bringing in *FIRST*® teams, along with their robots, to the HUG onsite Demo Center.

You will be able to meet different *FIRST*® teams with their robots Monday through Wednesday in the HUG onsite Demo Center. The Demo Center will close at noon on Thursday, June 22.

We look forward to what is promising to be a lively *FIRST*® keynote address, and to seeing all the action in the HUG Demo Center!

Your HUG Steering Committee.
